Variance Procedures

Variance applications are heard and decided at a regularly-scheduled public hearing by the five-member City of Atlanta Board of Zoning Adjustment ("BZA"). The Bureau of Planning serves as staff to the BZA. Approximately one week after each closing date, a planner is assigned to review your application. All inquires regarding your application should be directed to this office at (404) 330-6145. The rules of the BZA prevent BZA members from discussing the merits of any case except during the public hearing for that case.

Schedule. There are two closing dates and two public hearings per month. The schedule allows time for neighborhood and NPU meetings to occur throughout the City prior to each public hearing. The schedule of closing and public hearing dates is attached (Page 9).

Neighborhood and NPU Recommendations. The City is divided into 24 Neighborhood Planning Units (NPUs), each of which has a volunteer citizen advisory committee that makes a recommendation to the BZA on variances. When you file your application, you will be notified of the NPU contact person and that you must schedule a meeting with that NPU in order to explain what you wish to do. You may be requested to attend additional neighborhood meetings; inquire about the time and place of those meetings. The applicant is expected to contact the NPU as soon as possible after the application is filed. The Bureau of Planning will send a copy of your application to the appropriate NPU during the week after the closing date for your application.

Public Notice. When you file your application, it will be scheduled for a public hearing. The Bureau of Planning will initiate posting of public notice ("an advertisement", "a legal ad") for this public hearing so that the public is informed at least 15 days before the date of the public hearing:

- by sending written notice of your application to all property owners whose property is within 300 feet of the subject property, and
- by causing public notice to be placed in the newspaper.

You are responsible for obtaining a public notice sign when you file your application with the Bureau of Planning, and for posting it in a visible location on your property, at least 15 days prior to your public hearing. Failure to properly post the sign will make it necessary for the BZA to defer your case to another public hearing. The BZA may defer the case to a hearing that has been scheduled 30 or more days after the original hearing.

Refunds on Withdrawn Cases. Requests for withdrawal received 18 days prior to the public hearing will enable a refund of the application fee.

Staff Recommendation. Bureau of Planning staff reviews and makes written recommendations to the BZA on each variance application. You may contact your assigned planner at (404) 330-6145 on the day of the public hearing if you wish to know staff's recommendation.

V-10-88

Dear Sir or Madam:

We are respectfully requesting a variance from Zoning Ordinance Sec. 16-06.004 and Sec. 16-06.008 regarding installation of a residential swimming pool. The "subject property" is located at 1776 White Oak Hollow N.E., Atlanta, GA 30324, tax/parcel I.D. #17 005600040284 and is zoned R-4. It is owned by Randall Stilla.

R-4 zoned properties standards require a minimum lot size of 9,000 square feet and a minimum street frontage of 70'. The subject property only has 50.14' of street frontage with the lot width at the rear at 50.76'. The total lot size is only 6,593 square feet.

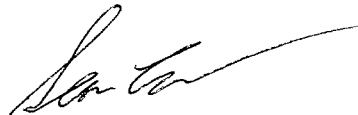

Sec. 16-06.008 of the ordinance states that R-4 zoned properties' maximum lot coverage must be 50% or less. Sec. 16-06.004 of the ordinance states that R-4 zoned properties' maximum rear yard coverage must not exceed 25%. The addition of the swimming pool will cause the subject property to exceed both of these stipulations. The new total lot coverage would be 58.6%. The rear yard coverage would be 48.8%.

The size of the non-conforming subject property is much smaller than the R-4 guidelines specified in the ordinance. This fact causes an unnecessary hardship when attempting to conform to ordinance guidelines. Mr. Stilla has made an effort to conform to the ordinance by reducing the size of the desired walk/patio for the proposed pool. He planned to build the pool upon purchase of the subject property but was unaware of the lot coverage and rear yard requirements.

Granting of this variance will not cause detriment to the public good or impair the purpose and intent of the zoning ordinance of the City of Atlanta and will relieve Mr. Stilla of an undue and unnecessary hardship. The addition of the pool will promote desirable living conditions, help sustain the stability of the neighborhood and protect against blight and depreciation. The subject property has been a vacant lot. It will now contain a beautiful home with a very nice rear yard.

Thank you for your kind consideration of this proposal.

Sincerely,

Sean Cash
Agent for Tim Allen Homes
